

MANAGEMENT'S DISCUSSION AND ANALYSIS

The City of Concord issues its financial statements in the format prescribed by the provisions of Government Accounting Standards Board Statement 34 *"Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments"* (GASB 34). GASB 34 requires the City to provide this overview of its financial activities for the fiscal year, which should be read in conjunction with the accompanying Transmittal Letter and Basic Financial Statements.

FISCAL 2010 FINANCIAL HIGHLIGHTS

Financial highlights of the year include the following:

Government-Wide

- The City's total net assets were \$812 million at June 30, 2010, down \$23 million from the prior year. Of this total, \$729 million were governmental assets and \$83 million were business-type assets.
- Government-Wide governmental revenues include program revenues of \$33 million and general revenues of \$70 million for a total of \$103 million, down \$5 million from the prior year's total.
- Total Government-Wide governmental expenses were \$124 million, a decrease of \$2 million from the prior year.
- Government-Wide business-type revenues were \$20 million while expenses were \$23 million.

Fund Level

- Governmental Fund balances decreased \$20 million in fiscal 2010.
- Governmental Fund revenues decreased to \$102 million in fiscal 2010, down \$5 million from the prior year.
- Governmental Fund expenditures increased to \$126 million in fiscal 2010, up \$10 million from the prior year.
- General Fund revenues of \$65 million reflected a decrease of \$6 million in fiscal 2010.
- General Fund expenditures of \$73 million reflected a decrease of \$5 million when compared to the prior year.
- The net transfers reflected in the General Fund totaled \$9 million out for fiscal 2010 compared with net transfers of \$1 million in for fiscal 2009.
- General Fund balance of \$6 million at June 30, 2010 decreased \$18 million from fiscal 2009.

OVERVIEW OF THE COMPREHENSIVE ANNUAL FINANCIAL REPORT

This Comprehensive Annual Financial Report is in five parts:

1. Introductory section, which includes the Transmittal Letter and general information;
2. Management's Discussion and Analysis (this part);
3. The Basic Financial Statements, which include the Government-Wide and the Fund financial statements, along with the Notes to these financial statements;
4. Supplemental Information for Non-Major Governmental Funds and Internal Service Funds; and
5. Statistical information and other schedules.

THE BASIC FINANCIAL STATEMENTS

The Basic Financial Statements comprise the Government-Wide Financial Statements and the Fund Financial Statements; these two sets of financial statements provide two different views of the City's financial activities and financial position.

The Government-Wide Financial Statements provide a longer-term view of the City's activities as a whole, and comprise the Statement of Net Assets and the Statement of Activities. The Statement of Net Assets provides information about the financial position of the City as a whole, including all its capital assets and long-term liabilities on the full accrual basis, similar to that used by corporations. The Statement of Activities provides information about all the City's revenues and all its expenses, also on the full accrual basis, with the emphasis on measuring net revenues or expenses of each the City's programs. The Statement of Activities explains in detail the change in Net Assets for the year.

All of the City's activities are grouped into Governmental Activities and Business-Type Activities, as explained below. All the amounts in the Statement of Net Assets and the Statement of Activities are separated into Governmental Activities and Business-Type Activities in order to provide a summary of these two activities of the City as a whole.

The Fund Financial Statements report the City's operations in more detail than the Government-Wide Statements and focus primarily on the short-term activities of the City's General Fund and other Major Funds. The Fund Financial Statements measure only current revenues and expenditures and fund balances; they exclude capital assets, long-term debt and other long-term amounts.

Major Funds account for the major financial activities of the City and are presented individually, while the activities of Non-Major Funds are presented in summary, with subordinate schedules presenting the detail for each of these other funds. Major Funds are explained below.

The fiduciary statements provide financial information about the activities of the Concord Retirement System Pension Trust Fund, for which the City acts solely as agent.

The Government-Wide Financial Statements

The Statement of Net Assets and the Statement of Activities present information about the following:

- **Governmental Activities** - All of the City's basic services are considered to be Governmental Activities, including General Government; Public Safety; Public Works; Planning and Economic Development; Building, Engineering and Neighborhood Services; and Community and Recreation Services. These services are supported by general City revenues such as taxes, and by specific program revenues such as developer fees.
- The City's Governmental Activities include the activities of two separate legal entities: the Redevelopment Agency of the City of Concord and the City of Concord Joint Powers Financing Authority. The City is financially accountable for these entities.
- **Business-Type Activities** - The City's two enterprise activities, the sewer and the golf course, are reported here. Unlike governmental services, these services are supported by charges paid by users based on the amount of the service they use. The City's Business-Type Activities include the activities of an additional separate legal entity, the Concord Sanitary Sewer Services Inc., which is inactive.

Government-Wide Financial Statements are prepared on the accrual basis, which means they measure the flow of all economic resources of the City as a whole.

Fund Financial Statements

The Fund Financial Statements provide detailed information about each of the City's most significant funds, called Major Funds. The concept of major funds and the determination of which funds are major funds were established by GASB 34 and replace the concept of combining like funds and presenting them in total. Instead, each Major Fund is presented individually, with all Non-Major Funds summarized and presented in a single column. Subordinate schedules present the detail of these Non-Major Funds. Major Funds present the major activities of the City for the year, and may change from year to year as a result of changes in the pattern of City's activities.

In the City's case, the Redevelopment Agency Fund and the General Reimbursable Projects Fund are the only Major Governmental Funds in addition to the General Fund.

Fund Financial Statements include Governmental, Enterprise, and Internal Service Funds as discussed below.

Governmental Fund Financial Statements are prepared on the modified accrual basis, which means they measure only current financial resources and uses. Capital assets and other long-lived assets, along with long-term liabilities, are not presented in the Governmental Fund Financial Statements.

Enterprise and Internal Service Fund Financial Statements are prepared on the full accrual basis, as in the past, and include all their assets and liabilities, current and long-term.

Since the City's Internal Service Funds provide goods and services only to the City's Governmental and Business-Type Activities, their activities are reported only in total at the Fund level. Internal Service Funds may not be Major Funds because their revenues are derived from other City Funds. These revenues are eliminated in the Government-Wide Financial Statements and any related profits or losses are returned to the Activities that created them, along with any residual net assets of the Internal Service Funds.

Comparisons of Budget and Actual financial information are presented only for the General Fund, as required by GASB 34.

Fiduciary Statements

The City's fiduciary activities are reported in the separate Statement of Fiduciary Net Assets and the Pension Trust Fund Statement of Changes in Plan Net Assets. These activities are excluded from the City's other financial statements because the City cannot use these assets to finance its own operations. The Pension Trust Fund consists of the City of Concord Retirement System, a separate legal entity.

FINANCIAL ACTIVITIES OF THE CITY AS A WHOLE

The analyses reflected below focus on the net assets (Table 1) and changes in net assets (Table 2) of the City as a whole. The information summarizes the Citywide Statement of Net Assets and Statements of Activities stated more fully in the Financial Section of this report.

The analyses below focus on the net assets and changes in net assets of the City's Governmental Activities (Table 3, 4 and 5) and Business-Type Activities (Table 6 and 7) presented in the Citywide Statement of Net Assets and Statement of Activities that follow.

Governmental Activities

Table 3: Governmental Net Assets
As of June 30, 2010 and 2009 (Dollars in Millions)

	Governmental Activities	
	2010	2009
Cash and Investments	\$83.2	\$97.4
Other Assets	55.0	58.6

Restricted	86.5	88.9
Unrestricted	23.5	38.4
Total Net Assets	\$729.0	\$749.9

The City's net assets from Governmental Activities decreased \$20.9 million to \$729.0 million in 2010. This decrease in the Changes in Net Assets reflected in the Statement of Activities, as shown in Table 3, is discussed below:

- Cash and investments decreased \$14.2 million due to a decrease in cash flow from major revenue sources.
- Capital assets decreased \$15.4 million, net of depreciation charges. Improvements and additions to streets infrastructure were more than offset by the normal annual depreciation charges.
- Long-term debt declined \$14.0 million as the city purchased \$8.2 million of 1995 Performing Arts Lease Revenue Bonds and made payments on existing debt.
- Other assets, net of other liabilities, decreased \$5.2 million due primarily to the timing of short term receivables and payables.
- Net assets invested in capital assets, net of related debt, decreased \$3.6 million as assets depreciated.
- Restricted net assets decreased \$2.4 million as net assets restricted for Capital Projects increased \$2.1 million and net assets restricted for Community Development Projects and Debt Service decreased \$4.5 million.
- Unrestricted net assets reflect the resources that can be used to finance day-to-day operations without constraints established by debt covenants or other legal requirements. Unrestricted net assets decreased \$14.9 million.

Governmental Activities - Sources of Revenues

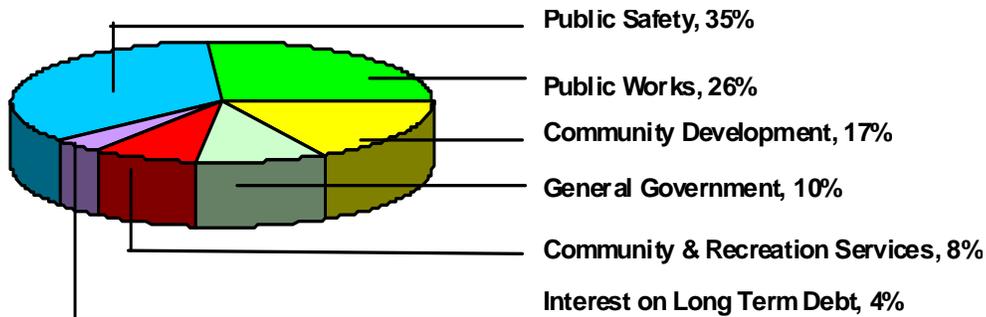

For the Year Ended June 30, 2010 (see Table 4)

As the Sources of Revenue Chart above shows, 27% or \$27.9 million of the City's fiscal 2010 governmental activities revenue came from property taxes, and approximately 23% or \$23.4 million came from sales taxes. The remaining 50% came primarily from four sources - charges for services, capital grants, motor vehicle in lieu, and other taxes.

Governmental Activities - Functional Expenses

For the Year Ended June 30, 2010 (see Table 4)

The Functional Expenses Chart above includes only current year expenses, which are discussed in detail below. Public Safety accounted for \$43.0 million or 35% of expenses, while Public Works & Engineering accounted for \$32.8 million or 26% of expenses, followed by Community Development which accounted for \$20.6 million or 17% of expenses. The remaining 22% were spread fairly evenly among General Government; Community and Recreation Services; and interest expense.

The expenses reflected above do not include capital outlay, which is now added to the City's capital assets on the Government-Wide Financial Statements. In 2010, the City's capital assets declined a net of \$15.4 million, as discussed above, due to annual depreciation, which offset the additions made. The details of the changes in capital assets are reflected in Table 8 below.

The Statement of Activities presents program revenues and expenses and general revenues in detail. All these are elements in the Changes in Governmental Net Assets summarized below:

The expense of Governmental Activities totaled \$124.0 million in fiscal 2010, reflecting a \$2.3 million decrease from the prior year. Increases in Community Development were offset by decreases in Public Works & Engineering and Public Safety.

Total Governmental Activities revenues decreased \$4.4 million in fiscal 2010, reflecting the lingering economic slowdown associated with the recession. The decline in revenue reflects a \$4.5 million decrease in taxes and investment earnings which offset an increase of \$0.2 million in program revenues.

Governmental Activities

Table 5 presents the net expense of each of the City's programs. Net expense is defined as total program cost offset by revenues generated by those specific activities. In the City's case, the net expenses of several programs varied significantly from the total expense above. Overall, program revenues reduced program expenses by an average of 27% of total expenses. The City's program revenues include developer fees, plan check fees, building inspection fees, traffic fines, recreation fees, police fees, grants, assessment revenues and other charges for services.

Business-Type Activities

The net assets of Business-Type Activities decreased to \$82.9 million in fiscal 2010, down \$1.9 million from the prior year. Of this total, \$81.5 million were reflected in the Sewer Fund and \$1.4 million were reflected in the Golf Course Fund.

Sewer generated \$18.4 million of revenues in fiscal 2010, reflecting a \$0.1 million increase in service fees over the prior year. This was attributable to an increase in the annual service charge in fiscal 2010. Operating expenses increased by \$2.6 million to \$20.4 million. As a result, the Sewer experienced a \$1.9 million operating loss for the year attributable to the City's support of capital project for treatment at the Central Contra Costa Sanitary District. The Golf Course Enterprise reflected a \$0.1 million gain in fiscal year 2010.

THE CITY'S FUND FINANCIAL STATEMENTS

Governmental Funds

At June 30, 2010, the City's governmental funds reported combined fund balances of \$79.3 million, a \$20.3 million decrease when compared with last year's combined fund balance of \$99.6 million. The General Fund accounted for a decrease of \$17.7 million, the Redevelopment Agency fund balance decreased \$4.9 million, and the remaining governmental funds increased \$2.3 million.

Governmental fund revenues decreased \$4.9 million this year to total \$102.4 million. General Fund revenues decreased \$5.6 million. Redevelopment Agency revenues decreased \$0.5 million. General Reimbursable Project revenues decreased \$1.2 million. Other Governmental fund revenues increased \$2.4 million.

Governmental expenditures increased \$10.2 million this year to total \$125.7 million. General Fund expenditures decreased \$4.6 million. Redevelopment Agency expenditures increased \$4.4 million. General Reimbursable Project expenditures decreased \$0.5 million. Other Governmental fund expenditures increased \$10.9 million.

Other Financing Sources (Uses) reflect transfers among the various funds in the City. During fiscal 2010, the General Fund made transfers out of approximately \$10.0 million primarily to fund a portion of the retirement of the 1995 Performance Arts Lease Revenue Bonds.

Proprietary Funds

Enterprise Fund net assets totaled \$82.9 million at the end of the fiscal year, a decrease of \$1.9 million. Enterprise operating revenues were \$19.7 million this year, the same as last year. Enterprise Fund operating expenses were \$21.6 million this year, up \$2.3 million from the prior year.

ANALYSES OF MAJOR GOVERNMENTAL FUNDS

General Fund

General Fund revenues totaled \$64.8 million, reflecting a decrease of \$5.6 million over the prior fiscal year, due primarily to decreases in property taxes and sales taxes with smaller decreases in other taxes. Actual revenues were \$1.0 million below the budgeted amounts with property taxes and Transient Occupancy Tax contributing most to the under-realization.

Property taxes decreased \$2.4 million from the prior year due to a decrease in assessed valuations. Reduced consumer spending caused sales tax to decrease \$0.9 million from the prior year. Charges for services also decreased \$0.7 million from the prior year.

General Fund expenditures decreased \$4.6 million due to fiscal austerity, a departmental reorganization and a large number of retirements resulting from an early retirement incentive offered by the City. Public Safety expenditures decreased \$1.4 million to a total of \$41.1 million in fiscal 2010 resulting from a decrease in salaries and benefits.

At June 30, 2010 the General Fund fund balance totaled \$6.1 million, reflecting a decrease of \$17.7 million. The ending fund balance consisted of \$1.8 million in reserved for encumbrances and loans and advances to other funds; \$4.2 million designated primarily for reserves; and \$0.1 million designated for capital projects. Only the unreserved portion of fund balance represents available liquid resources since the reserved portion is represented by non-cash assets or by open purchase orders. The designated fund balance has been set aside by City Council, who may alter or reverse its decisions with respect to designated fund balances and their users at any time.

Redevelopment Agency

This fund accounts for all activities of the Redevelopment Agency, including property tax increment and other Redevelopment Agency revenues; the portion of property tax increment required under California law to be set aside to fund low and moderate income housing expenditures; the accumulation of funds to pay debt service on the Agency's 2004 tax allocation bonds and the refunding lease agreement; and capital projects in the Redevelopment Agency's project areas.

The fund's revenues were \$16.9 million in fiscal 2010, a decrease of \$0.5 million. Property tax increment revenues increased to \$17.8 million which were offset by pass-through payments totaling \$1.4 million. The Agency made its first Supplemental Educational Revenue Augmentation Fund ("SERAF") payment of \$6.0 million in fiscal year 2010.

Fund expenditures were \$20.2 million in fiscal 2010, an increase of \$4.3 million from prior year, and consisted of \$7.8 million in development, \$6.4 million in debt service and the aforementioned \$6.0 million SERAF payment. See note 16 for further discussion of the SERAF payment.

The Redevelopment Agency fund balance decreased \$4.9 million primarily as a result of the \$6.0 million SERAF payment.

The fund's fiscal year end fund balance of \$58.0 million may be used only for redevelopment purposes. This full amount is either reserved or designated primarily for future capital projects. As such this fund balance is not available for unrestricted expenditure.

General Reimbursable Projects Fund

This fund accounts for capital project costs that are reimbursable from grants and charges to track job specific projects

The fund's revenues were \$4.1 million in fiscal 2010, a decrease of \$1.2 million, primarily due to a slow down in capital projects activity and reimbursement from grantors.

Fund expenditures were \$4.7 million in fiscal 2010, a decrease of \$0.5 million.

The fund balances at fiscal year end decreased \$0.9 million to a \$1.6 million deficit. The deficit will be reimbursed in accordance with grant funding policies.

Other Governmental Funds

These funds are not presented separately in the Basic Financial Statements, but are individually presented as Supplemental Information.

Proprietary Funds

Sewer Fund

Net assets of the Sewer Fund decreased by \$2.0 million in fiscal 2010. At June 30, 2010, the Fund's Net Assets were \$81.6 million, of which \$60.4 million was invested in capital assets. \$21.2 million of the Fund's Net Assets were unrestricted at June 30, 2010.

Golf Course Fund

Golf Course revenues decreased slightly by \$0.1 million to a total of \$1.3 million in fiscal 2010 while operating expenses decreased \$0.3 million to \$1.2 million. Net assets decreased by 0.1 million to a total of \$1.4 million.

CAPITAL ASSETS

GASB 34 requires the City to record all its capital assets, including infrastructure, in its financial statements. Infrastructure includes roads, bridges, signals and similar assets used by the entire population.

In accordance with GASB 34, in fiscal 2002, the City recorded the cost of all its infrastructure assets and computed the amount of accumulated depreciation for these assets based on their original acquisition dates. At the end of fiscal 2010 the cost of infrastructure and other capital assets recorded on the City's financial statements was as shown in Table 8 below:

Table 8: Capital Assets

Less: Accumulated Depreciation	(133.6)	(129.5)
Business-Type Activity Capital Assets, Net	\$85.0	\$88.7

The principal additions to governmental capital assets in fiscal 2010 were focused on infrastructure, including streets, storm drains, sidewalks and traffic signals. Business-Type Activities experienced an increase in Construction in Progress but net capital assets decreased due to increased accumulated depreciation. Further detail on capital assets, current year additions and construction in progress can be found in Note 7.

The City depreciates all its capital assets over their estimated useful lives, as required by GASB 34. The purpose of depreciation is to spread the cost of a capital asset over the years of its useful life so that an allocable portion of the cost of the asset is borne by all users. Additional information on depreciable lives may be found in Note 7.

DEBT ADMINISTRATION

The City made all scheduled repayments of existing debt. Each of the City's debt issues is discussed in detail in Note 8 to the Financial Statements. At June 30, 2010, the City's debt was comprised of the following issues:

Table 9: Outstanding Debt

In addition, during the year ended June 30, 2010, the City made additional transactions in an effort to lower the net interest cost to the City. In September, 2009, the City issued a tender offer to the holder of \$8.24 million in the 1995 Performing Arts Lease Revenue Bonds, due August 1, 2020. The bonds are non-callable and non-tax exempt. The City paid a premium of 8% to repurchase the bonds which were then retired. The transaction was made possible by interfund loans which are reflected in the financial statements. The effect of this transaction was to lower the interest rate on this portion of the outstanding debt from 8.24% to the Local Agency Investment Fund (LAIF) quarterly rate plus 0.5% to the Sewer Fund and to the Low/Moderate Housing Fund. The interfund loans will be repaid starting in FY 2014-2015.

In June 2010, the City refinanced the 1999 Judgment Obligation Bonds and the callable balance on the 1993 Lease Revenue Bonds (Police Facility) to lower the overall interest rate. The bonds were replaced with a private financing lease at 3.6% interest. The projected savings are approximately \$500,000 per year.

ECONOMIC OUTLOOK AND MAJOR INITIATIVES

The economy of the City and its major initiatives for the coming year are discussed in detail in the accompanying Transmittal Letter.
