## Changes to garbage pickup and street sweeping days

Some garbage and recycling pick up days for Concord Disposal customers have changed. Please check your billing statement to see if your day remains the same or is new. As a result, some City street sweeping days have also changed to eliminate conflicts between street sweeping and garbage pickup days. Please help the street sweepers by not parking in the street on your scheduled sweeping days.

## Help prevent flooding by keeping leaves out of the street

Please place leaves, cuttings and other yard trimmings in the Green Waste container provided by Concord Disposal. The City's street sweepers are not designed to pick up piles of leaves. Flooding is likely to occur in areas where debris is left in the streets, eventually blocking the storm drains. You can request pickups of additional green waste by contacting Concord Disposal at 682-9113. Leaves also make great compost!
